UNION GENERAL WOMEN'S HEALTH

AFFILIATE OF: UNION GENERAL HOSPITAL, INC.

123 Weaver Road | Blairsville, GA 30512 | (706) 835-2222

We are so pleased that you have chosen our office for medical care. We are committed to providing you with the highest quality of medical care. Our clinics are staffed with highly trained and friendly providers. They will be happy to see you and help assess your healthcare needs. Our Supervising Physicians will be available to oversee and supervise your care when being seen by a Nurse Practitioner or Physician's Assistant. The Primary Care and Walk-in Clinics do not personally admit patients to the hospital or provide for them while they are inpatient. We do have access through Union General Hospital and Chatuge Regional Hospital Hospitalists for these types of services. If needed, your Specialist can admit you to the hospital and manage your care while admitted.

It is important that you understand the financial policies of our office. It is equally important that you understand the terms of your insurance policy and medical coverage. Typically, you will find the insurance company's phone # on the back of your card and we encourage you to contact them with any specific questions that you may have.

If your plan is a Managed Care Plan, you must see your PCP (Primary Care Provider) prior to seeking care. In most cases you will need a referral from your PCP. If a referral cannot be obtain prior to being seen you will be asked to reschedule as most insurances will not cover services rendered without a referral and you will be held responsible for the cost.

Please be prepared to present your insurance card at the time of service. If you do not have a valid insurance card with an ID #, phone # and mailing address, we will not be able to file your medical insurance. You will be required to pay your bill in full at the time of service. **It is your responsibility to understand what is covered under your medical insurance plan.** If you have any questions about whether a service will be covered or not, we encourage you to check with your insurance company **before the service is performed.** If the reason for your visit is non-covered then you will be responsible for the bill. Example: If your child needs a sports physical, (these are not normally covered by insurance) you will be responsible for the cost. We cannot go back and alter the reason for the visit.

BILLING INFORMATION: It is essential that you provide correct and accurate information regarding your insurance, mailing address and phone #. Please update this information as often as it is necessary. We will make every effort to submit your claims to the insurance in a timely manner. If your statement is returned to us because of an invalid address, you will be turned to our collection agency and possibly dismissed as a patient. Again, please update your address, phone #, etc. as necessary.

IN NETWORK: We refer to being "in network" as the insurance companies that we have an agreement with regarding the amount of payment for certain services. This results in a discounted rate of the insured.

OUT OF NETWORK: We refer to this as the companies that we are not contracted with. If we are out of network for your insurance, we will gladly file a claim as a courtesy to you. If this payment is not made in 30 days by the insurance, it becomes your responsibility to contact your insurance company for your reimbursement if payment is denied.

UNION GENERAL WOMEN'S HEALTH

AFFILIATE OF: UNION GENERAL HOSPITAL, INC.

123 Weaver Road | Blairsville, GA 30512 | (706) 835-2222

PAYMENT TERMS: Depending on your insurance policy benefits, you may be responsible for your co-pay, deductible, and in some cases co-insurance. We require that co-pays be paid at the time of service. We may require in some cases that you pay your co-insurance and/or deductible at the time of service.

PAYMENT OPTIONS: We accept cash, check, debit card, or Visa, MasterCard, American Express and Discover. An additional fee of $30.00 will be added on returned checks. We accept Medicare, GA Medicaid, Peachcare (Wellcare, Amerigroup, CareSource) and most major insurances.

OUTSTANDING BALANCES: We urge you to keep your balances current. However, if your account goes 120 days with no activity, you will be turned over to our collection agency and you will also be dismissed from the practice. You must pay off the full amount before re-instatement will be considered.

PAYMENT ARRANGEMENTS: Under special circumstances, payment arrangements can be made with our billing department.

UNINSURED PATIENTS: We offer a discounted rate for patients who are uninsured. These fees must be paid at the time of service. Failure to pay at the time of service will result in the full price being charged.

PRESCRIPTON REFILLS: We ask that you allow **48 hours** for completion of prescription refills from the time you let us know your prescription has run out. We recommend you contact your pharmacy for refills of your medications. It would be best to call one week before your prescription has run out so that there will not be a lapse in taking prescription medications. There are many medications that the insurance company requires a pre-authorization be obtained before a refill can be granted. Some medications cannot be refilled without an office visit, also required by insurance companies. It is your responsibility to ask when you need to be scheduled for an appointment to continue your medications and what your insurance requirements for obtaining refills.

LABWORK: We do draw blood in our office as a courtesy to you. It is your responsibility to know if your insurance has a preferred lab that your blood needs to go to (LabCorp, Quest, PathGroup, etc.) otherwise your specimens will be sent to Union General Hospital or Chatuge Regional Hospital.

COPIES OF MEDICAL RECORDS: We will copy your records for your personal file for $30.00. If you transfer to another physician, we will gladly forward your chart, free of charge upon receipt of your medical records release form from that physician's office.

TRANSFERRING TO ANOTHER FACILITTY: In the event you choose to transfer to another PRIMARY CARE PHYSICIAN and we release your medical records we will not re-instate you back into our facility.

NO CALL NO SHOW FOR AN APPOINTMENT: We ask as a courtesy to our providers and other patients, that you kindly give us a call 24 hours in advance if you are not able to make your appointment. If you no

UNION GENERAL WOMEN'S HEALTH

AFFILIATE OF: UNION GENERAL HOSPITAL, INC.

123 Weaver Road | Blairsville, GA 30512 | (706) 835-2222

call, no show after three attempts you will be seen only on a work in basis with whichever provider is available.

FORMS: We do fill out forms for college, insurance and certain disability, etc. These can be time consuming and we do charge.

FEES AS FOLLOWS: Up to 14 min $15.00
15 min to 29 min $75.00
30 to 59 min $100.00
Over 60 min $150.00 and up

If you have any questions, or need clarification, please do not hesitate to call our billing department.

PLEASE SIGN BELOW SO WE MAY KEEP ACKNOWLEDGEMENT OF YOUR RECIEPT IN YOUR CHART.

I have read and understand the financial policy of The Clinic Affiliates of Union General Hospital and Chatuge Regional Hospital. I understand that if my insurance does not pay, for whatever reason, I will be responsible for the unpaid amount. I understand that it will be my responsibility to contact my insurance company and provide any further information regarding the unpaid claim.

I also understand the terms and policies of the other information outlined in this form.

Consent for Treatment

Union General Hospital Clinics collects health information from you and stores it in written and electronic format. This is your health information. The information is the property of Union General Hospital Clinics, but the information is accessible to you. Union General Hospital Clinics protects the privacy of your health information. The law permits Union General Hospital Clinics to use or disclose your health information for the following purposes:

Treatment: Your health information can be used or disclosed by Union General Hospital Clinics to provide you with medical treatment.
Payment: Your health information can be used or disclosed by Union General Hospital Clinics to receive payment.
Operations: Your health information can be used or disclosed by Union General Hospital Clinics operational purposes.
Personal Use: Your health information can be disclosed to you.

Union General Hospital Clinics has the right to use or disclose your health information for treatment, payment or operations once your have signed this consent form as required by State Law. Once you sign this general written consent form, it will be in effect indefinitely until you revoke your general written consent. You may revoke your general written consent at any time (in writing), except to the extent that we have already relied on it. For example, if we provide you with treatment before you revoke your general written consent, we may still share your health information with our insurance company in order to obtain payment for that treatment. To revoke your general written consent, please write to Union General Hospital Clinics: Medical Record.

I hereby authorize Union General Hospital Clinics staff:

- To access information from my health history and records,
- To administer and perform any medical examinations, treatment, or diagnostic procedures deemed necessary
- To administer vaccinations and immunizations related to my health care during my enrollment as a patient at Union General Hospital Clinics
- To provide me a medical note upon request, if appropriate (to be determined by a practitioner). This note will include my name, the date of the visit, or other information requested by myself

In addition, I understand:

- I may be asked to give specific consent for certain medical procedures
- I have the right to refuse diagnostic or treatment services, or to revoke consent
- In order to provide the best possible treatment, my provider may consult with other professionals with the Union General Hospital Clinics Staff and Chatuge Regional Hospital about issues directly related to my treatment
- Any information, which is part of my medical record at Union General Hospital Clinics, will be treated with strictest confidentiality. I understand that there are important legally mandated exceptions to confidentiality. These include:
    1) Reportable conditions, such as meningitis, tuberculosis, and specific sexually transmitted infections, which constitute public health risks;
    2) Threat of immediate danger to self or others, such as suicide or homicide;
    3) Any incidence of suspected elder or child abuse, neglect, or maltreatment; and
    4) In legal cases, the court may subpoena clinicians or clinic records.

I understand that in the event of a medical emergency, information necessary to provide appropriate treatment may be disclosed.

By signing this consent form, I am acknowledging that I have read and understood the above material regarding Union General Hospital Clinics procedures. I hereby authorize Union General Hospital Clinics and its medical staff to use and disclose my personal health information as necessary, for the purpose of obtaining medical treatment, facilitating payment for such treatments and for normal business operations.

Georgia Medicaid Patients:

We participate in the following 3 plans. To continue to be treated by our providers, you will need to select one of these 3 plans. If you do not make a selection, Medicaid will make it for you.

- Amerigroup
- Caresource
- Wellcare

The office DOES NOT participate with Peach State Health Benefit Plan. If you select that plan, you will need to be prepared to be self pay or make arrangements to transfer your records to be seen at another OB office.

PATIENT RIGHTS & RESPONSIBILITIES

The Patient Rights and Responsibilities shall be given to every new patient and shall be permanently posted on the Clinic bulletin board.

WHEN YOU ARE SEEN BY AN EMPLOYEE OR CONTRACTOR OF THE CLINIC, YOU HAVE THE RIGHT TO:

- Be treated with consideration, respect and dignity.
- Have the confidentiality of your medical information protected, to have privacy act regulations enforced, and to have these areas of confidentiality explained to you in language you can understand.
- Have privacy during case discussion, counseling and treatment;
- Review your records in the presence of a healthcare professional;
- Know the name and qualifications of staff providing your care;
- Know your diagnosis, health problems, test results, the potential advantages and risks of treatment or procedures in language you can understand;
- Expect that all services, treatment and counseling techniques will take place with your informed consent;
- Participate in referral planning;
- Have access to the patient comment procedure;
- Refuse to participate in research;
- Have another individual present in the exam room with you, if you desire

WHEN YOU ARE SEEN BY AN EMPLOYEE OR CONTRACTOR OF THE CLINIC, YOU HAVE THE RESPONSIBILITY TO:

- Treat the staff with consideration, respect and dignity.
- Understand that your life-style does affect your health.
- Take an active part in your health care.
- Follow the agreed upon treatment plan. If you choose or are unable to follow the treatment plan, it is your responsibility to inform the Medical Provider.
- Observe facility rules and regulations that are for the safety and consideration of all patients and staff.
- Provide accurate and complete information about present complaints, past illness, hospitalizations, medications, advance directives (living wills and durable power of attorney), and other matters relating to your healthcare.
- Report whether you understand a contemplated course of action and what is expected of you.

I understand the Patient Rights and Responsibilities and have been given a copy if requested:

Mother of the Pregnancy

Name: ______________________ DOB: ____________ Age: ________

Ethnic Origin: ____________ Occupation: ______________________

Father of the Pregnancy

Name: ______________________ DOB: ____________ Age: ________

Ethnic Origin: ____________ Occupation: ______________________

Family and Patient History

Does your family of the father of the baby's family have the following ethnic background:

Yes No
____ ____ Southeast Asia, Taiwan, China or the Phillipines
____ ____ Italy, Greece, or the Middle East

If yes to the previous two questions, have you or your partner been tested for thalassemia? YES / NO

Yes No
____ ____ Eastern European (Ashkenazi) Jewish
____ ____ French Canadian

If yes to the previous two questions, have you or your partner been tested for Tay Sachs? YES / NO

Yes No
____ ____ African American, African, or Black

If yes to the previous question, have you or your partner been tested for sickle cell anemia? YES / NO

Have you, the baby's father, or anyone in either of your families ever had any of the following? If yes, please explain at the bottom in the space provided.

Yes No
____ ____ Down Syndrome
____ ____ Other Chromosome Abnormalities
____ ____ Neural Tube Defect (ex: spina bifida , anencephaly)
____ ____ Hemophilia or Other Bleeding Disorders
____ ____ Cystic Fibrosis
____ ____ Sickle Cell Anemia
____ ____ Thalassemia (Mediterranean anemia)
____ ____ Tay Sach's Disease
____ ____ Muscular Dystrophy
____ ____ Neurofibromatosis
____ ____ Huntington's Disease
____ ____ Other Nerve, Muscle, or Seizure Disorder (ex: epilepsy)
____ ____ Phenylketonuria (PKU)
____ ____ Kidney Disease

____ ____ Heart Defect (from birth)
____ ____ Cleft Lip and /or Cleft Palate
____ ____ Limb Defects (extra or missing digits, malformed arms, legs, hands, or feet)
____ ____ Deafness / Early Onset Hearing Loss
____ ____ Blindness / Early Onset Vision Loss
____ ____ Diabetes
____ ____ Cancer before age 50
____ ____ Heart Attack before age 40
____ ____ Do you or the baby's father have any relatives with mental retardation or developmental delay?
____ ____ Does anyone in either of your families have a genetic defect, or chromosome abnormality not listed above?
____ ____ Have you or the baby's father had a baby that dies shortly after birth or in the first year?
____ ____ Have you or the baby's father had a stillborn child, or three or more first trimester miscarriages?
____ ____ Are you and the baby's father blood-related in any way (Ex: cousins, uncle-neice, etc)?
____ ____ Is there any other family history that you have concerns about?

Pregnancy History

During this pregnancy, have you had any of the following? If yes, please describe with dates if known below.

Yes No

____ ____ Uterine cramping, vaginal bleeding (spotting) or vaginal leakage of fluid

PATIENT CONSENT FORM

Horizon™ Carrier Screening - Horizon 27 Panel

Please have patient sign and retain in patient's medical chart.

Purpose: The purpose of this carrier screening test is to find out if you are a carrier of any of the specific genetic pathogenic (disease-causing) variants tested for in the Horizon 27 panel. Being a carrier puts one at increased risk to have a child affected with a specific genetic disease. The enclosed genetic disease table on page 3 lists all of the genetic diseases available on this carrier screening panel. For descriptions of each disease, please visit www.horizonscreen.com/diseases.

Methods & Test Results: A blood or saliva sample is required for Natera Horizon carrier screening. *Positive results:* A positive result identifies a person who is a carrier for a specific genetic disease. Your partner must be a carrier for the same disease for you to be at risk for having an affected child, with the exception of the X-linked disorders. See below for more information on X-linked disorders. In the case of a positive result, comprehensive genetic counseling through a local clinical geneticist or genetic counselor is recommended to discuss the implications of your test results and possible associated reproductive risks. This test has the ability to identify people who may actually be affected with, and not just carriers of, the genetic conditions being tested, in which case further medical evaluation by a clinical geneticist or other physician specialists should be considered. *Negative Results:* A negative result means a person has a significantly reduced chance to carry a pathogenic variant tested for on the panel of disease genes reported by Natera. Please visit www.horizonscreen.com/diseases for a list of diseases. A negative result on this carrier screen reduces the risk but does not completely rule out the chance for you to be a carrier. Carrier risks before and after testing are based on the assumption that you do not have symptoms, or a family history, of any of the screened diseases. If you DO have a family history of a specific genetic disease, you may have a higher chance to be a carrier. If you have a family history of a genetic condition, genetic counseling is recommended to discuss your specific carrier risks and the appropriate carrier screening panel given your family history.

Testing for X-linked Disorders: Some disorders on the Horizon carrier screening panels have X-linked inheritance, including Fragile X syndrome and Duchenne Muscular Dystrophy. Carrier screening for X-linked disorders is offered only to women, as only female carriers are at risk to have children affected with an X-linked disorder

Further Information about Carrier Screening and Results: You have the option to make an appointment for a phone consultation with a Natera genetic counselor. Phone consultations can be performed prior to having your blood drawn and/or after testing to discuss results. This consultation can be arranged by calling 1-877-476-4743.

Confidential Reporting Practices: Natera complies with HIPAA privacy laws. Test results will be reported only through the ordering health care provider(s) or genetic counselor (where allowed). Additionally, the test results could be released to those who, by law, may have access to such data.

Limitations: Occasionally, a blood or saliva sample does not generate results, and an additional blood or saliva sample may be requested. Inaccurate test results may occur due to sample mix-up, technical problems, and other unforeseen problems.

Financial Responsibility: If test cancellations are received prior to test set-up, there is no charge for testing. When requests for test cancellation are received after set-up, a cancellation report will be generated and a set-up fee will be charged. Once testing is initiated, cancellation is not possible. You are responsible for all charges for testing and will be contacted for payment in the event your health plan does not reimburse for the test or Natera does not receive a response from your health plan.

Consent for Retaining Samples: Natera is committed to the continual monitoring and improvement in our testing platforms; thus we may retain your remaining de-identified sample for this purpose. Although future research using the de-identified samples may lead to development of new products, it will be impossible to know if your sample was used because samples will be stripped of all identifiers and you and your heirs will not receive any payments or benefits from or rights to new products or discoveries. If you DO NOT want any remaining sample to be retained and used for these purposes, you may send a signed request in writing to Natera within 60 days after carrier results have been issued, in which case your sample will be destroyed. Please send this request in writing to:

Natera, Attention: Sample Retention
Industrial Rd., Ste 410,
San Carlos, CA 94070

Note: All samples from patients residing in the state of New York will be destroyed within 60 days after carrier results have been issued and a written request is not needed.

I have read or have had read to me all of the above statements along with the separate genetic disease information sheet. I understand the information regarding Natera Horizon carrier screening. I have had the opportunity to ask questions of my health care provider about the testing, the procedure, the risks, and the alternatives prior to my informed consent.

________ I request and authorize Natera to test my sample for the genetic conditions requested on the referral form by my health care provider.
